**MEASUREMENT GUIDLINES**

Please get someone to take these measurements on you.

Please keep the following in mind when measuring:

- 1) Keep one finger inserted in the tape measure to allow for ease when measuring
- 2) You need to measure with your shoes on that you will be wearing on the occasion.

If you don't have the shoes yet just add the height of the heel only to the final hem length measurement.

3) Please email the measurements with 70% of deposit paid. Once deposit is paid your dress will go into production

4) Tie a string around your waist when measuring your \*waist to hem, neckline and shoulder for accuracy. See \* on pictures
